OPENING SESSIONS OF CONVENTION

PRACTICALLY NO CHANGE YESTERDAY

Tremendous Enthusiasm Manifested—Great Ovation for Gov. Yates—His Delegates Stand Firm.

After the preliminary scrimmage of the first day of the Republican state convention, during which time three sessions were held, the situation, as far as the governorship is concerned, remains practically unchanged.

The convention was called to order at noon by Chairman Rowe and the prearranged program of temporary organization went through without a hitch, resulting in the election of Speaker Cannon as temporary chairman, and L. T. Hoy as temporary secretary.

As the gubernatorial candidates entered the hall each one was received with cheers and the demonstration accorded Governor Yates exceeded that of all the other candidates.

Senators Cullom and Hopkins and Speaker Cannon (the big three) entered the hall together just before the convention was convened and they received a great ovation.

Chairman Rowe called the convention to order by introducing Speaker Cannon, who addressed the convention at length in a splendid, forceful and characteristic speech. His remarks were frequently interrupted with applause. At the conclusion of his speech, resolutions regarding the various committees were presented, and at 1:30 the convention took a recess until 5 o'clock, to await the report of the credentials committee.

Upon reconvening at this hour the committee was not ready to report, and another adjournment was taken until 7:30.

The big arsenal was packed before 7 o'clock with a seething, cheering and most demonstrative crowd. Four bands were in the building and banners galore were waved by the enthusiastic supporters of the various candidates. Again in the evening, when Governor Yates walked down the middle aisle of the delegates' section of the convention, he was received with vociferous cheers, waving of flags, handkerchiefs, banners, etc. The cheering lasted several minutes.

It was but the signal for other candidates to break loose and for fully an hour there was an uproar in that defies description, delegates standing on chairs and procession after procession of banner bearers marching around the hall. It was a wild scene and has never been equaled at a state convention. The cheering continued until a glee club was called to the platform and an apparent calm reigned while they sang several selections. The juvenile band was much in evidence during this pandemonium and added new laurels to their reputation against a large field of competitors.

After the crowd of 10,000 people had waited with comparative patience for over two hours, William Lorimer and Andrew Russell, as a sub-committee from the committee on credentials, appeared before the convention and reported that the committee would be unable to complete its work for several hours, and the convention thereupon adjourned.

The day was one largely of cheering, music and loud huzzas, and each candidate tried to outdo the other one's demonstration in behalf of his candidacy. The situation remains practically unchanged and Yates' position is admitted by all to be by far the best one and will be doubtless the same to day. However, a good many caucuses were held last night, but it is believed his forces will remain impregnable and that after the first or second ballots a successful combination will be made resulting in the governor's nomination.

The convention will reconvene this morning at 10 o'clock.

Springfield, May 12.—The Republican state convention was called to order at 12:30. After prayer by Rev. Mr. Simmons, of Peoria, State Chairman Rowe introduced Speaker Cannon as temporary chairman. Cannon spoke briefly, defending the policy of protection, his reference to the late McKinley in this connection being loudly cheered.

A sensation was created by discovery a large number of tickets of admission to the hall had been forged. It was charged this was done by Hamilton men.

The rules of the national house were made rules of the convention. All resolutions were referred to the resolutions committee without debate. The convention then settled down to hearing reports of various congressional caucuses. When the report of caucuses had been submitted the convention recessed at 5 o'clock.

INDIANA GOES FOR PARKER

THIRTY DELEGATES FOR NEW YORK MAN

Wins Over Hearst by Vote of 951 to 582—Most Interesting Convention Since 1892—Feeling Was Intense.

Indianapolis, May 12.—The most interesting Democratic state convention since 1892, when Cleveland and Isaac P. Gray contested for control of the Indiana delegation to the national convention, was held to day. The sole purpose of the convention was to elect national delegates.

The feeling of the delegates was intense when the convention opened to day. The Hearst followers had been wrought to a high pitch of determination by addresses before hand by Rev. Sam Small, of Georgia, and C. A. Windle, of Chicago. Small delivered against voting for Parker if he were nominated.

The convention instructed the thirty delegates to the national convention to vote as a unit for Parker, of New York, for president, endorsed Thomas Tamm for national committeeman and recommended him to the national committee as its chairman.

The first test vote on organization of the convention showed the Parker forces to the number of 1,091 and Hearst 488. The vote on instruction for Parker was 951 to 582, many delegates being in sympathy with the plea of the twelfth district that its two delegates be allowed to vote their sentiments for Hearst, the plea being that otherwise it might endanger the seat of Representative Robinson, Democratic congressman from the district. This was the only district carried by Hearst.

A feature of the convention was the demonstration that followed the mention of the name of George McCallan, of New York, for president. The cheering lasted for several minutes, several hundred delegates and spectators rising and waving hats and handkerchiefs.

After adjournment of the convention the credentials committee met. A test of strength between the Yates-Lowden men and the opposition came on a motion to elect a chairman, and the combination candidate, Judge Hancey, was elected over Ben M. Smith by a vote of 16 to 8.

RESOLUTIONS COMMITTEE.

The committee on resolutions elected ex-congressman Walter Reeves, of Streator, chairman and J. T. Rafferty, of Chicago, as secretary. Resolutions were adopted by the district caucuses endorsing Fairbanks of Indiana for vice president were presented, but subsequently withdrawn. It being stated that Congressman Hitt would accept the nomination if tendered him.

After informal discussion of various matters the following subcommittee was appointed to draft a platform: Chairman Walter Reeves, Streator; Martin B. Madden, Graeme, Stewart, Judge McKown, Chicago; W. R. Jewell, Danville; John W. Parker, Rock Island; C. J. Doyle, Greenwood. The committee took a recess to 8 o'clock.

CANNON'S TRIBUTE

Praise for Roosevelt by Chairman of Republican Convention.

Springfield, May 12.—In his speech before the Republican state convention to day Speaker Cannon said of the president: "There is the president, president now and president to be, Theodore Roosevelt, young, able, courageous, optimistic, safe, with the courage of his convictions, action follows, he being clothed with power wherever it is necessary for the good of the republic from the standpoint of the administration, keeping his oath to see that the law is executed without fear or favor against those who are less powerful."

"This is as it should be. The law is the foundation upon which the republic rests. It is strong enough to reach the strongest, strong enough to throw its protecting arms about and shield the weakest. It is not necessary for me to say more in reference to our chief executive. He is a better president to day than he was yesterday, and he was a better president yesterday than when he first took the oath of office, and he was as good as the best when he succeeded the lamented President McKinley."

DIETZ HOLDS FORT

Wisconsin Culprits Cannot Be Captured by Officers—Abandon Log Drive.

Hayward, Wis., May 12. Deputy Sheriff Giblin returned to night from the camp where Dietz holds forth. Giblin says it is almost impossible to get Dietz alive, as he is entrenched behind the backs of the dam with a commanding view of the surroundings. Dietz had, he said, sent a fresh supply of ammunition, thus enabling him to hold out for a long period. Giblin says that as he and his deputies were approaching the dam Dietz and another man stepped from behind a tree and began firing upon them. One bullet passed through the hat of the driver, stunning him, and he fell out of the wagon, while their team took fright and ran. Deputy Giblin and Elliott spent the night ten miles below their objective point, but returned the next day to the lumber camp in sight of the dam. While they were at dinner, Giblin said, Dietz fired through a window and struck a man by the name of Tracey, shattering a bone of his left arm. Another shot grazed the throat of William Trumbly. A few shots were returned by the deputies and they also express the opinion that Weisenbach, the latter adding Dietz, is seriously wounded, if not killed.

Twenty-four Kang-Jorgensen rifles and ammunition sent from Ashland are at the express office here consigned to Sheriff Peterson. The express agent has been notified to hold the consignment until he receives orders from Governor La Follette. Captain Mowatt, of Ashland, who sent the rifles on order of Judge Patrick, does not believe the guns will be ordered to be turned over to the sheriff, but that he will be ordered to proceed with his company from Ashland.

ABANDON DAM.

Chippewa Falls, Wis., May 12.—The Chippewa Lumber and Boom company has abandoned its drive at Cameron dam on account of the Dietz trouble. About 50,000 logs lie high and dry, as Dietz will not allow the gates closed. The trouble may delay all operations of the large mill here if continued long. Dietz sent a note to the deputies defying them to capture him, saying it will take a whole regiment to do so, and may cost many lives, should they attempt it. He is now fortified in his home in company with his wife, Valentin, Weisenbach and three children. They have six Winchester, five revolvers and plenty of ammunition and have made portholes in the walls of the house, through which rifles peep ready to kill the first deputy crossing the dead line. The doors and windows are barricaded.

PORT DALNEY DESTROYED BY RUSSIANS

Lloyd Agent Reports Perfect Order at New Chwang—Other News From the War in the Far East.

St. Petersburg, May 12.—Telegrams received here indicate the whole of Port Dalney has been destroyed by Russian fire.

Victory Akatiff has telegraphed the czar announcing Russians have blown up Dalney's pier at Port Dalney, Liao Tung peninsula, presumably to render more difficult Japanese landing at that point.

AT NEW CHWANG.

London, May 12.—The Lloyd agent at New Chwang telegraphed under date of May 12 as follows: "Production of goods in great quantities from up the river. More would come if British warships were here, which would promote trade. New Chwang is in perfect order. I do not anticipate any trouble or fighting in this vicinity."

ATTACK ON ANSU.

St. Petersburg, May 12.—Later details of the Russian attack on Ansu, lost Tuesday night fighting lasted all day. Russian forces Wednesday morning at the approach of Japanese reinforcements. Japanese pursued Russians in the direction of Ka Chwang. Japanese casualties at Ansu were four killed and six wounded. Russian casualties were fifty killed and wounded.

WAR REPORTS.

St. Petersburg, May 12.—General Piliavsky, telegraphing from Mukden to day, describes reports that New Chwang has been evacuated and that troops guarding the railroad are to be withdrawn and replaced by Chinese as being devoid of foundation.

London, May 12.—Subscriptions to the Japanese loan of \$500,000 closed this afternoon. It is estimated the loan was oversubscribed twenty times.

St. Petersburg, May 12.—The admiralty also today denies the statement published in the United States to day that the Russian transport Ansur was blown up and sunk April 5 off Port Arthur.

London, May 12.—The Japanese legation this afternoon gave out an official telegram from the foreign office at Tokyo regarding the Russian charge that Japanese May 6 fired on a train from Port Arthur being the Red Cross flag. It says the flag did not carry any special marks until after the Russian soldiers had fired on the Japanese and the latter had responded. When the train stopped the Red Cross flag was hoisted. The Japanese immediately stopped firing and proceeded to a canteen, whereupon the train went on at full speed and escaped.

The telegram also said the Japanese government says it found it advisable to warn the Chinese government to observe strict neutrality.

Shan Tai Kwan, May 12, 10 p. m.—The report received from London that there has been fighting at Wu Feng Tien is discredited here. It is reported there is only a small force of Japanese in that vicinity. The main force of the Japanese is said to be concentrated near Port Arthur with siege guns and their intention is believed to be to attempt a repetition of the strategy of naval and military forces of the United States before San Diego and to drive the Russian fleet out to battle.

There is no news here of the whereabouts of the first Japanese army corps. Three hundred and fifty Russian soldiers are at New Chwang and that city is quiet.

The censorship of New Chwang is severe. United States Consul Miller has been asked to answer Minister Conger's request for a statement as to the local situation.

He also says: "Detachments of the Japanese advance guard occupied on May 9 and to the village of Mutsutan and Slatatin, nine miles south of Polandano. Other detachments of the Japanese advance guard have taken up positions seven and one-half miles west of Tisewo."

A squadron of the enemy's cavalry approached within fifteen miles east of Wu Feng Tien, but turned back on meeting our scouts.

The village of Tant Sia Ping was found occupied by a detachment of cavalry, artillery and infantry. Cannon fire was opened by the Japanese on coming into contact with our small detachment, which had concentrated within three miles of the village of Pitsawo."

The main body of the Japanese advance guard, which was reported to be about 1,000 men, was prepared to attack the village of Tant Sia Ping on the morning of the 11th inst.

lowing the direct road to Hui Chung has not yet been disclosed and cannon is also reported in operation on the peninsula of Liao Tung, where 2,000 Japanese are seeking to render themselves secure in the western section of the peninsula and in the vicinity of and below Pao before inaugurating the operation planned.

The report is current that the nikodan, answering a message of congratulation on the Yalu victory sent by students of the Institute of mines in St. Petersburg, expressed his thanks and good wishes, but prayed God that he had no such subjects.

WORKING GIRLS

A Cordial Invitation to Every Sick and Ailing Working Girl.

It is to these girls that Mrs. Pinkham holds out a helping hand, and extends a cordial invitation to correspond with her. Her long record of success in treating women's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night. Day in and day out, month in and month out, the year through, the working girl toils; she is often the bread winner of the family, and must work that others may live; whether she is sick or well, whether it rains or shines, whether it is warm or cold she must get to her place of employment and perform the duties exacted from her.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach; in consequence of frequent wetting of the feet monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden and it is hard work to drag about. All these symptoms point to a derangement of the female organism, and if taken in time can be easily and permanently cured.

Lydia E. Pinkham's Vegetable Compound.

Grateful Words from Working Girls Who Have Been Helped.

"I wish to thank you for the wonderful cure you have discovered for suffering girls. I am a working girl and do not believe there is a girl of my age in the country who has suffered more than I have with female disorders."

"Although ever so many physicians with their various remedies were tried, nothing seemed to relieve me of the terrible pains, and it seemed as though there was no help for me, until I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound."

"It worked like magic, for I had scarcely finished the second bottle when a great change was noticed in my whole general health, and in the three months time I felt like a new person."—Miss M. E. PAULSON, 914 Willow Ave., Hoboken, N.J.

"Seeing so many women and girls being helped by your medicine I thought I would try it. I was very irregular in regard to menstruation, and had had no menses for four months."

"I obtained a bottle of your medicine just to see if I could cure myself without going to a doctor. One bottle gave me great relief, and now I am a different girl altogether."

"I will never be without Lydia E. Pinkham's Vegetable Compound, as I know I would not be working to-day if I had not used your medicine."—Miss LAURA RIESS, Standard Tea & Grocery Co., 766 Mass. Avenue, Indianapolis, Ind.

LOWDEN STOCK DOWN

Combine as Planned Does Not
Materialize—Yates Sup-
porters Will Stick.

Springfield, May 12.—The big Low-
den senatorial and congressional com-
bination, which was the supreme ef-
fort of the Lowden men yester-
day has so far failed. The failure of
some of the parts of the machine to fit in
and work with the others is responsible
for the result of the machine to run.

This fact is demonstrated to the satis-
faction of other candidates. Lowden stock
took something of a tumble last night
and this morning was not rated quite so
high. Hamlin, Sherman and Deneen were
all in the best of spirits and their bonds
were higher and firmer.

All indications at the hour of noon to-
day point to a convention struggle. It is
a stand pat proposition with every can-
didate and all efforts to agree upon a
combination to nominate the governor be-
fore the convention are almost certain to
fail.

Anti-organization men say the supreme
test will be the second ballot. "If we
can live through that," they say, "we
have a mighty good show to nominate
either Deneen, Hamlin or Sherman."

Yates men are counting on certain sup-
port from Cook county. There is a seri-
ous schism in the Lowden ranks in Cook
county. George W. Hinman of the Inter-
Ocean, Maierstadt, Bidwell and Moxley,
all beneficiaries of the present govern-
ment, have been fighting it out with the blonde
boss. The conflict yesterday became very
heated and behind the scenes swears words
were passed in the excitement. These
four men want to break away from Low-
den and go to the governor. Lorimer
wants to stand pat with Lowden and
want all his followers to do the same. It
is understood that Judge Hancey feels
about as the other four do and will
be found supporting the governor.

Mr. Hinman was with the governor last
night on a number of occasions and his
devotion to the executive was comment-
ed on.

When the big combination on Lowden
told through all the other candidates be-
gan to reason that about this fashion: "If
Lowden does not land on the second or
third ballot at the furthest he cannot
land at all. It will be demonstrated to
the country men that whatever combina-
tion is back of him cannot deliver the
goods. It is best for us to encourage
Yates to stand pat and not get out of the
race."

So the governor yesterday afternoon
and evening received many messages
from the camps of his opponents urging
him to stay in the race. These urgings
were wholly unnecessary. Yates has
never had and certainly has not now any
intention of leaving the race until the last
of them are hung. He is going to stick.

Another thing his friends say is that
they will stick with him until they are
released by him.

Warden Murphy of the Joliet prison
declared that Will county would vote for
the governor until it is released. The
warden got hotter and hotter as the story
continued to circulate that Will county,
because unfrustrated, would break away
from the governor and from a part of the
proposed congressional pool on Lowden.

Hamlin's attitude is said also to be sat-
isfactory to the governor.

SPLIT CAUCUS

Lorimer and Deneen Support-
ers Have Lively Squabble.

Springfield, May 12.—The Lorimer-Deneen
fight in the fourth congressional district
resulted in a split caucus and two sets of
nominations on the convention commit-
tee. The row lasted for an hour, during
most of which time the rough-house fac-
ties proceeded in the senate chamber,
where two or three hundred people as-
sembled in anticipation of the fun. Ap-
parently each side to the controversy had
11 votes, Deneen's followers, however, main-
tained after it was over that the Lorimer
people had but 12 votes in the caucus, two
of their delegates being absent and not
represented by proxies.

John J. McKenna, the present member
of the state central committee from the
district, called the caucus to order. Frank
J. Paul was nominated for chairman by
the Lorimer contingent and Ed Litzinger
by the Deneen people, and with the
nominations the row was in full progress.
Deneen's followers demanded a roll call
by individual delegates. Or a viva voce
vote McKenna decided that it was a tie
and then he proceeded to call the roll by
wards. A semblance of order was main-
tained while the roll call proceeded, as
follows:

Third ward, 1 vote for Paul.
Fourth ward, 2 votes for Paul.
Fifth ward, 7 votes for Paul.
Eleventh ward, 1 vote for Litzinger.
Twelfth ward, 4 votes for Paul.
Twenty-ninth ward, 4 votes for Litzinger.
Thirtieth ward, 8 votes for Litzinger.
Thirty-first ward, 1 vote for Litzinger.
"It's a tie, 11-11," said McKenna, "and
I decide in favor of Paul." Bedlam broke
loose with the announcement. Both sides
rushed their respective nominees toward
the desk that Jim Paddock has used so
many years while acting as secretary of
the senate. Paul and Litzinger climbed
upon Paddock's rostrum and from that
time until the caucus was over it was
impossible to tell what was being done.

When it was over David E. Shanahan,
who acted as floor leader on the Lorimer
side, announced that the following com-
mittee nominations had been made:

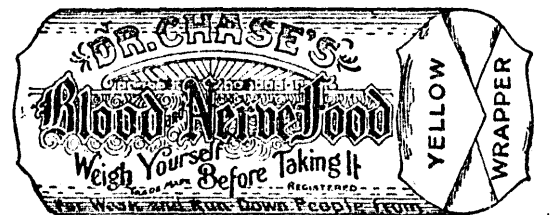

State central committee, John J. Mc-
Kenna.
Committee on resolutions, Charles Fitz-
zinger.
Committee on credentials, David E.
Shanahan.
Committee on permanent organization,
E. J. Wallerstein.
Committee to select delegates at large
to national convention, William P. Hol-
den.
Presidential elector, Albert H. Maack.
The Deneen selections were as follows:
State central committee, Thomas J.
Healey.
Committee on resolutions, Matt Mueller.
Committee on credentials, Michael G.
Walsh.
Committee on permanent organization,
Frank Kirchman.
Committee to select delegates at large
to national convention, no selection.
Presidential elector, E. R. Litzinger.

AN OPEN LETTER.

From the Chapin, S. C. News:
Early in the spring my wife and I
were taken with diarrhoea and so
severe were the pains that we called
a physician, who prescribed for us,
but his medicines failed to give any
relief. A friend who had a bottle of
Chamberlain's Colic, Cholera and Diarrhoea
Remedy on hand gave each of us a
dose and we at once felt the effect. I
procured a bottle and before using
the entire contents we were entire-
ly cured. It is a wonderful remedy
and should be found in every house-
hold. H. C. Bailey, editor. This re-
medy is for sale by all leading drug
lists.

OLIVER MASON.

OFF FOR SHILOH.

Capt. Alex. Smith left Thursday afternoon for the historic battlefield of Shiloh, or Pittsburg Landing, Tenn. He expected to go to St. Louis, and there take the Chamber City of Memphis for Cairo and thence to Paducah, Ky., and endeavor to visit several of the places made memorable during the civil war before reaching finally the place of interest on the banks of the Tennessee. As is well known, the way there is somewhat roundabout, and the captain says many go to Corinth and thence by wagon twenty-six miles, so as to save a long boat ride and time. He says he feels quite sure that he will be able to locate the ground principally occupied by his regiment during the battle, as it was a well known farm which he thinks he could easily designate, especially with the aid of some native who would recall the name of the owner of the farm at the time of the historic conflict. The captain says he may be absent three weeks or three months, according to the way he enjoys the trip and the success he has in finding various places of interest.

Major McDougal was a gallant participant also in the battle of Pittsburg Landing and was cooking some flapjacks for breakfast when the call to fall into line was heard. He failed to enjoy all the meal he was preparing, but he did not fail, nor did Captain Smith fail, to do his duty and nobly die during the two days that followed. Brave men—the nation owes an inextinguishable debt of gratitude to them and as they grow older they are better appreciated.

Doctors Again Disagree.

Some French doctors in Algiers do not think that mosquitoes are carriers of malarial infection and offer to allow themselves to be bitten by the most virulent examples which can be found in that mosquito infected country and to submit themselves to critical medical inspection for a sufficient time to ascertain whether the malarial really develops. They will not take any prophylactics and will give the insect and its bickers a perfectly square deal. The reputation of the former as a distributor of quartan ague is not a few years ago, but a good many people in Algiers and out of it still believe in it, and a scientific test on a new basis will possess much interest.

America's Only Women's Hunt Club.

Denver boasts the unique distinction of having the only hunt club in this country composed exclusively of women. This Arroya Hunt has a roster of forty accomplished riders, with Miss May Cordes as mistress of the hounds. The two whippers in, who have charge of the pack of fifteen hounds, are the only men connected in any way with the organization. Not only are all the officers of the club, from president to historian, filled by women, but they make the various arrangements for their meets and attend to all their own matters of finance. The most interesting feature of the Denver club is that every woman rides astride. Illustrated Sporting News.

Popularity of Easter Lilies.
The rise of the Easter lily is one of the most sensational features of greenhouse floriculture in America during the last quarter of a century. Our florists raise about 5,000,000 Easter lilies a year. Assuming that only half of these plants are sold, that each one bears only two flowers in good plant should have six to eight and that the public pays 50 cents a bud, it would seem that the American people spend at least \$2,500,000 for Easter lilies every year. Solomon Bull, of Franklin precinct, expected to return Thursday to Eureka Springs, where he lived for a number of months during the fall, winter and spring. He has been in poor health for some time and found residence down there improved his condition, but he hoped to be able to enjoy a stay among his friends at home, returning a few weeks since for that purpose. His health became such, however, that he felt obliged to return. His wife goes with him and they will keep house there, and all hope he will rapidly improve.

He recovered from his recent long continued illness so far that he felt justified in going to Chicago, but while there he took cold and his present sickness is the result. He has pulled through so many severe sieges in times past that his good constitution will doubtless enable him to do so again, and this will earnestly be desired by a host of friends.

THE MATRIMONIAL RECORD.

MAHONEY-SKINNER.

The home of Mr. and Mrs. V. E. Skinner, about two miles west of the city on the Reese road, was the scene of a happy wedding event at 8:30 o'clock Tuesday evening, when their daughter, Pearl M. Skinner, was united in marriage to Mr. Ford R. Mahoney, of this city. About fifty guests assembled at the appointed hour to witness the marriage ceremony, which was performed by Rev. William S. Potter. Besides guests from the immediate vicinity, friends were present from Battle Creek, Cassopolis, Marshall and Kalamazoo.

The home was made very pretty and inviting by the arrangement of lights, flowers, and greenery. The bridal couple took their places unattended in an attractive cozy corner of the parlor, before a bank of palms, ferns and evergreens. The bride was simply but becomingly gowned in white chiffon, garnished with white roses. The wedding collation was served by a host of young lady friends of the bride, namely: The Misses Josephine Shattuck, Jessie Reide, Marie Dimmick, Nellie Marjorie, Marion Evans and Ennetta Becher. Many hand-made and valuable wedding gifts were received by the bride and groom.

The bride is a popular young lady and has for the past year been an attaché of the Charles E. Blood & Co. dry goods house. The groom is a machinist in the service of the Advance Thrift company. The young people will reside at No. 22 Annopolis avenue, this city, and will be at home to their friends after May 15. Mr. and Mrs. Mahoney begin married life with bright and pleasant prospects. In the general felicitations the Morning Enquirer cheerfully joins.

Morning Enquirer, Battle Creek, Mich.

Mr. Mahoney is a former Jacksonville boy, having gone to Battle Creek about six years ago. He has hosts of friends in this city who will unite in wishing him the greatest happiness in his married life.

FISHER-MATTHEWS.

W. H. Fisher and Miss Olive Matthews, both of the vicinity of Chapin, were married in that place Wednesday evening at 8 o'clock by Rev. Thomas Biggers. The wedding came as a surprise to the friends of the parties in this city, as Mr. Fisher called in the city Wednesday afternoon, but said nothing about his approaching marriage.

John Clark, Frank English, Dan Moy and others learned that a license had been issued to Mr. Fisher, and gathering a good force drove over to Bethel and proceeded to make merry at the expense of the newly married couple. They returned to this city at about 3:30 o'clock Thursday morning rather tired, but feeling that they had given Mr. and Mrs. Fisher a rousing good start in life.

The young people will at once go to housekeeping in Bethel and will have the best wishes of many friends in this vicinity.

L. O. T. M. SOCIAL.

The Ladies of the Maccabees gave a very successful social in their hall last evening. The entertainment took the form of a "carpet contest," a carpet being raffled off. The winner of the prize was Miss Maude Henderson. There were about 200 people present and all spent a delightful evening. Dancing was enjoyed till a late hour. The hall had been nicely decorated for the occasion and presented a very pleasing appearance.

HIGH SCHOOL STUDENTS

Great Meet Is Expected at Champaign—Fifty Three Schools Represented.

The track team of the Jacksonville high school left Thursday for Champaign, where they will enter the state interscholastic meet. Last year the home team was beaten by a small margin, mainly on account of Ekers, son of Hyde Park. This year Ekers is out and the only possible person that can beat Smith is Hogenon, of Lewis Institute. Without doubt Jacksonville has one of the strongest teams in the state and has an excellent chance of winning. Smith, in the 50- and 100-yard dashes, and the running broad jump is easily the peer of any athlete in the state. Stewart, who won the broad jump last year, has developed in the jumps and the 110-yard run and should be a point gainer. King and Bowen are speedy men and can be counted on for several points. Fifty-three schools are entered in the athletic contest.

Harold Graves will represent Jacksonville in the state oratorical contest Friday evening. He will deliver an eulogy on Stephen A. Douglas. Mr. Graves is a strong, vigorous and inspiring speaker and is easily capable of bringing victory to his school. Among those who accompanied the team were: Walter Welch, Ralph Bowen, Will Wright, Carl Peckham, Walter Ogle, George Ferris, Mitchell Brown, Miss H. E. Pitt, Carl Richards, Miss Louise Smith, Paul Whitney and Prof. L. A. Fulsider.

The program of the oratorical contest is as follows:

True Patriotism—Judson E. Harris, of DuQuoin.

The Increase of the Navy—Mary E. Courtenay, Engelwood.

Abraham Lincoln—Edward A. Lincoln, Keokuk.

Vocal solo—J. T. Allen.

William E. Gladstone—Orville Talbot, El Paso.

Stephen A. Douglass—Harold N. Graves, Jacksonville.

True American Citizenship—Chas. G. Parks, Lake View.

The Negro in America—J. Edwin Marx, Mt. Carmel.

Vocal solo—Wilfred Lewis.

Robert Morris and His Services to the Revolution—Roswell T. Pettit, Ottawa.

A Speech Nominating Mr. Roosevelt for President—George S. Marks, Elmhurst.

Tendencies of the Union Labor Movement—Walter D. Freysburger, Decatur.

Vocal solo—C. S. Rodman.

Decision of judges.

Presentation of medals and awarding of cup.

Judges on delivery—Dr. S. A. Forbes, dean of the College of Science; W. L. Pillsbury, registrar of the university; Rev. E. W. Clippinger, pastor of the Presbyterian church.

Judges on thought and composition—Prof. H. J. Barton, Prof. A. H. Daniels, Prof. T. A. Clark, Prof. N. A. Weston, Prof. Edward Fulton and J. Q. Adams.

Special train to Springfield via the Wabash 9 o'clock, returning leave Springfield at 10 o'clock p. m. 25c for the round trip.

BOX SOCIAL.

The Christian Endeavor society of the Christian church gave a box social in the church parlors last evening which was a success in every particular. It was for the purpose of raising money for the Endeavorers' share toward the new church building and a neat sum was realized. The affair was managed by the social committee, consisting of Misses Minnie Simpson, Mabel Pelham, Carrie Ratachak, Lula Roberts, Maude Packard and Clara Cobb; Messrs. Charles Curtis and C. L. DePew.

Arrangements were made last night for the running of a special train to Springfield to day, leaving here at 9 o'clock and returning leave Springfield at 10 p. m. A low rate of 25c for the round trip has been made in order that all may go. This will be the big day at the convention. Yates will probably be nominated early in the balloting. Everybody go over and be on the spot.

READ THIS:

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, Hall's Great Discovery, and with cheerful testimony to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

OFF FOR SPRINGFIELD

**An Immense Throng Goes to the
Capital City.**

Long before the time for the spe-
cial train on the Wabash Thursday
morning the platform at the station
was crowded with an anxious throng
bent on seeing the state capital, vis-
iting friends, but most of all on see-
ing the political contest and partici-
pating in it. Everybody was good na-
tured and among the 800 people who
bought tickets there was not an in-
toxicated man or rowdy. Of course
there was noise and lots of it; there
were shouts for our gallant young
governor, and they came from the
hearts of lusty shouters. The scene
was enough to inspire any person who
may have been like warm in the past
and not a person seemed to be back-
ward in manifesting a feeling of de-
votion to the cause of Morgan coun-
ty's illustrious young son and noble
governor. If any person has hereto-
fore had any doubts regarding the at-
titude of the voters of this section,
certainly the scene at the Wabash
station on this occasion would have
the effect of throwing some light on
the subject. It is pleasant when the
people who have known a man all his
life thus turn out to show their loy-
alty to him and it cannot fail to have
its influence in the gathering in the
great armory at the state capital. Of
course other men have their support-
ers as well as Governor Yates, but it
may well be doubted if there is a man
among all the many aspirants for
state office who can command such
loyal devotion from home people as
the man from Jacksonville, who is
now probably the most conspicuous
figure before the people of the great
commonwealth of Illinois. It is also
a favorable omen of the kind of sup-
port he will have if nominated and if
indications point to anything it is to
his re-nomination. Time will soon
tell the story.

(By Associated Press.)

Chicago, May 12.—Wheat—Heavy rains and lower temperatures northwest resulted in a firm market to day. July being unchanged to a shade higher at 85 1/2¢. A report that the had destroyed an elevator full of wheat at Fort Williams brought out enough buying orders from pit traders to advance the price to 85 1/2¢. Small receipts were a bullish influence. Trading in general was light. The market lacked any outside support and with continuance of offerings prices gradually weakened. A number of heavy fish crop reports were received during the day, increasing the weakness. An influential selling motive was lack of demand, the suggestion being that if there is no foreign demand between now and harvest time stocks of wheat in Chicago will show big increase. The close was weak. July down 1/2¢. May unchanged. Liverpool steady to 1/2¢ higher. On the coast five boat loads were taken.

Corn—The market was moderately strong on light receipts and on covering by shorts. Offerings were small the entire season, notwithstanding higher and higher prices. The close was weak. July up 1/2¢. Liverpool steady to 1/2¢ higher. At the seaboard two boat loads were accepted.

Oats—In sympathy with corn oats ruled firm the entire day. Small receipts, good cash demand and lack of any material selling pressure were main factors that contributed to firm tone. Shorts were best buyers. At the close prices were higher on near futures and steady on September.

Corn, bus.	35,000	117,000
Oats, bus.	102,000	86,000

LIVESTOCK.—Cattle—Receipts, 5,500. Decreasing supplies have brought about better feeling, there being good general demand, and prices for good cattle were largely the higher to day. Buyers are considering quality and to a great extent are turning their attention to fat steers of heavy weights, big heavy heaves being discriminated against in many instances. There is good demand for cows and heifers, stocker and feeder trade fairly active. Good to prime, \$4.00 to \$5.00; poor to medium, \$3.00 to \$4.00; stockers, \$2.00 to \$3.00; cows, \$1.50 to \$2.50; Texans, \$1.25 to \$1.50.

Hogs—Receipts, 20,000. There was good local and shipping demand at steady prices. Mixed and butchers, \$4.00 to \$4.50; good to choice heavy, \$4.00 to \$4.50; rough heavy, \$3.50 to \$4.00; light, \$4.00 to \$4.50.

Sheep—Receipts, 10,000. With continued light receipts and usual active demand from all classes of buyers prices ruled firm to day. Clipped lambs were wanted at \$3.50 to \$4.00 for inferior to prime lots, and short western sheep sold actively. Sheep, \$3.50 to \$4.00; lambs, \$4.00 to \$4.50.

FINANCIAL MARKET.
New York, May 12.—There was further expansion in the volume of dealing in the stock market to day due to increased pressure to sell stocks, weakness being more distributed than was the case yesterday. Much influence upon sentiment was produced by the imposing dimensions of the gold movement. May shipments and engagements for Saturday aggregate more than \$5,000,000. The largest amount of gold ever before exported in a full month from New York was \$2,500,000 when \$27,400,000 went out. The sustained level of the foreign exchange rate makes it evident the movement has not lost its force and estimates vary widely as to its limits, which have already reached over \$10,000,000 since its inception in April. A large portion of the Panama canal payment remains to be provided for and the current outflow evidently is to meet other requirements than that. It is admitted to day's engagement is in part against a subscription to the Russian loan which was taken yesterday. The steady inflow of Japanese gold to our Pacific coast has been an important offset to New York's exports. The point is made, however, that subscriptions to the Japanese loan here will check the inflow of gold at San Francisco by providing funds here for Japan to draw upon, while drafts may be made also upon that fund for payment in England, thus adding to the demand for gold exports. Meantime the treasury department has sent notice of withdrawal of the final 10 per cent installment of \$40 per cent of government deposits with banks on May 25. These withdrawals, when completed, will have taken something like \$50,000,000 from banks. As is well known, the deposits accumulated in New York in preparation for the Panama payment and have contributed to the plethoric condition of the money market. United States Steel common established a new low record to day and preferred stock suffered acutely from discussion of its prospects for maintained dividends. A feeling of general distrust over the stability of the market led to free throwing over of stocks and a sharp break in prices. Late covering staved the closing, which was at the following quotations:

Money on call easy at 1 1/2¢ per cent; closing bid 1 1/2¢ offered at 2. Time loans slightly firm; sixty days at 2 1/2¢; ninety days at 2 1/2¢; six months at 3 1/4¢. Prime paper at 3 1/4¢.

Exchange steady. Demand at 486,000; 180,000; 45,000 days at 181,000-185.
Bar silver at 56 1/2¢.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now, and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all leading druggists.

IF YOU HAVE DYSPEPSIA READ THIS.

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick headache, it does not cure, stop taking the drugs and the pain and distress return. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache, by cleansing the stomach and bowels, at the same time using a medicine that will act upon the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25 cents per box. It only takes one pill for a dose. For sale by Lee P. Alcott.

The SPORTING WORLD

Another Vanderbilt Turfman.
Facts of large interest in the racing world have just come to the surface, to the effect that Reginald Vanderbilt contemplates going into horse racing and will do so just as soon as he feels that the newspaper fame which he achieved in recent months has worn away.

But for it his colors probably would be worn at the spring meeting at

REGGIE VANDERBILT.

Sheephead Bay, New York. As matters stand it may be that he will not participate in the sport actively until 1905, though he is one of the executive committee which designs a brief sporting meeting at Newport, R. I., during the season.

Just at this time it can be no violation of the ethics which obtain on the turf to say that Mr. Vanderbilt's intentions are to purchase about half a dozen two-year-olds, some two or three three-year-olds and a like number of four-year-olds of class if any prove to be obtainable within reasonable figures. The trainer who has been selected says that under no circumstances would he advise the purchase of more than fifteen horses at the outside.

More Haggis Racers.

Fred Littlefield says that he does not expect to get any of the eight Illinois he recently got from James H. Haggis's Elmendorf farm ready to race before fall. They are a well bred lot of mares, chiefly by Rancho del Paso stallions, but they require a lot of attention.

Cold as the winter in Kentucky was, they did not once sleep under shelter. It was not that the Elmendorf folk were either thoughtless or cruel. There were simply so many horses at Elmendorf no cover could be found for them. Having had that experience, they will hardly take cold from exposure this spring.

BODY MAY BE IDENTIFIED

Thought to be That of a Mr. Sellers, of Muncie, Indiana.

Word was received here late last night that a Mr. Sellers, of Muncie, Ind., had started for this city for the purpose of identifying the body of the man found dead on the C. & A. right of way north of this city, as that of his brother. Coroner Reynolds was asked about the matter and said that he had received word that Mr. Sellers had missed connections and would arrive this morning. It is probable that he may be able to recognize the body and thus clear up the mystery of the man's identity.

HITT IS WILLING

Illinois Congressman Would Take Vice Presidency.

Washington, May 12.—Representative Robert R. Hitt, of Illinois, who is the owner of a vice presidential boom, is not making strenuous efforts to capture the honor, but at the same time admits if it comes his way he will not dodge the blow.

"Some of my friends have been kind enough to mention me for the place," said Mr. Hitt this afternoon, "and while I do not see any great danger of my boom assuming threatening proportions, I am free to admit that I am not running away from it, nor telling any one that I do not want it."

"Perhaps if I were in the senate I would use other tactics. I am a candidate for re-nomination and will go out to my district convention next week to try to get it. The vice presidency is a place that very few men in the country would not take. I confess that I would like to have it if the convention and the people were to offer it to me."

"As far as any concerted movement looking to my nomination goes, there is nothing in it. The Illinois state convention at Springfield to day, has more important matters than the vice-presidential nomination to settle. The vice presidency is such a small matter that they may not reach it at all. The governorship fight is the most tremendous struggle that has ever been waged in an Illinois convention, and no man can tell how it will come out."

NAVIGATION OPEN.

Duluth, Minn., May 12.—Navigation at the head of the lakes was formally opened this afternoon when the steamer Mary H. Boyce, from Chicago, reached Duluth, the first vessel to arrive from a lower lake port.

DEATHS.

Paris, May 12.—George Lincoln Dunlap, of Chicago, died here to day, aged 76 years. He was once general superintendent of the Chicago & Northwestern railroad.

BODY FOUND IN CHIMNEY.

New York, May 12.—The badly decomposed body of 6-year-old Josephine Cahill, who disappeared May 2, was found to night wedged near the top of a chimney at her home on Third avenue. It was supposed the child had been kidnapped and rewards aggregating \$3,850 were offered for her recovery. The children of the neighborhood had been accustomed to hide in chimneys while at play on the roofs, and the police believe the Cahill girl climbed on the chimney and fell into it.

CHANGES ON CENTRAL.

Chicago, May 12.—Owing to the resignation of General Manager Wallace, who is to be chief engineer of the Panama canal, changes have been made in the staff of the Illinois Central as follows: W. J. Harraban, formerly assistant general manager, to be general manager; I. G. Rawn, formerly general superintendent of transportation, to be assistant general manager.

TWO GIRLS CREMATED.

Rockford, May 12.—Fire destroyed the farm house of John Porter, ten miles north of here last night and two girls were burned to death. Jessie G. Fogarty, of Chicago, a visitor, and Alice Porter, aged 16, were asleep and an older girl was unable to rescue them. The fire having gained great momentum before she discovered it, Porter was not at home.

TROUBLE OVER G. A. R. RATES.

Chicago, May 12.—Unless peace is made, eastern lines are likely to engage in a rate war over the Grand Army reunion, which occurs in Boston late in the summer. The matter came up at yesterday's meeting of the Central Passenger association upon the application of the differential lines to be allowed their differentials on Grand Army business. The association has named a rate of one fare, plus \$1, for the round trip from all points to Boston, and notice was given by one of the differential lines that it would sell tickets from Chicago to Boston during the reunion for \$17.50, thereby securing a differential of \$2.50. The standard lines insist that a differential should not apply on this business, and a deadlock was reached in the matter. It was finally left to a committee of the lines interested between here and Buffalo.

BATTLE WITH THIEVES

Gang of Chicago Robbers Detected Looting a Freight Car Near Cortiss, Wis.

Racine, Wis., May 12.—Thomas Burns, deputy sheriff of Racine county, battled with six desperate Chicago thieves to day, two miles south of Cortiss, on the line of the Milwaukee road. They were robbing a freight car and had piled up \$3,000 worth of silks, bolts of cloth, boots and shoes and other goods when discovered. The gang scattered in various directions.

Burns commenced shooting and two men were seen to drop, and it was supposed they were killed. One arose and disappeared, but the other was captured unhurt, brought to this city and lodged in jail. Trainmen armed with hammers and iron bars came to the rescue of Burns. The man now in jail gave his name as George Mason and made a confession, giving the names of his partners. He said thousands of dollars worth of goods have been stolen in the last few months.

KILLED BY A TRAIN.

Alton, May 12.—Within two days after he arrived from Indianapolis, Ind., to take the position of operator in the Big Four interlocker in the Mitchell yards, near Alton, Harry Cook, aged 29, was struck by a Chicago & Alton train, his head being split and his body hurled 150 feet. Cook was walking along the wagon road, which crosses the railroad track at Mitchell, yesterday morning when the Wabash and the Chicago & Alton fast trains were racing toward the crossing. Cook was watching the Wabash and evidently did not see the Chicago & Alton train. He was dead when picked up. Cook's mother, whom he had left last Monday at Indianapolis, was notified yesterday morning.
